The undersigned calls the
attention of the people of Sacra-
mento, Yolo and the general public
to the following:
Who has built the finest
Monuments? J. C. DEVINE.
Who has done the finest piece of Rustic
Work and other Sculpturing in Stone? J. C.
DEVINE.

People in the country will save over 50 per
cent by sending their orders to me, as I will
send them direct to the quarry and have them
cut and finished in my line. I have no
carpet-baggers selling my work. I am now
importing my own marble, and no marble
will be used by me but the very best of Italian
and Vermont Marbles. Do not forget the

work manufactured in other foreign

The Centennial-What California is Requested to Do.

Governor Pacheco has received the

following communication, which ex-

plains itself. UNITED STATES CENTENNIAL EXHIBITION,

Philadelphia, July 26th, 1875.

To Hon. E. Pacheco, Governor of

California:—Sir:—Numerous inquiries

have been addressed to me by State

Centennial Boards and others engaged

in preparing collective representations

of the resources of their States, as to

the proper character and arrangements

of such exhibits. I have accordingly

the honor to submit to you some sug-

gestions on this point which are de-

signed to insure certain desirable

uniformity among the exhibits made

by different States.

A method which has been pursued

in preparing the exhibits of the States

has been to select from the classification

in which of the departments the State

has sources for organizing and display-

ing. Every such department has then

been assigned to a certain class of ex-

hibits, and the exhibits of the States

have been accordingly arranged in ac-

cordance with the classification of the

departments. In the preparation of the

exhibits of the States, the objects to

be exhibited, in some cases these ex-

hibits have been found to be prac-

tically impossible to exhibit. As far

as possible the exhibits of the States

have been arranged in accordance with

the classification of the departments.

In two of the departments, at least,

that of Agriculture, and that devoted

to Mining and Metallurgy, the Agri-

cultural Department will contain tim-

ber, fruits, cereals, animals—wild and

tame—and animal products, etc. The

Department of Agriculture, in a State

should comprise a complete exhibit of

the geology of the State; its minerals,

ores, building stones, soil, etc., espe-

cially of such as are valuable in

agriculture. The exhibits of the States

should be arranged in a State

manner, or for deposit in some public

museum. A scale drawing of each

object should be sent to this office as

soon as possible, for the purpose of

arranging the exhibits in the

Institution Department. Soil, seeds,

cereals, etc., should be exhibited in

glass vials or tubes.

The exhibition of the growth and

uses of the most important products

Town and County Matters

JOE MURPHY.—The world renowned Joe Murphy, of dramatic fame, is advertised to appear in Washington Hall on Monday evening next, Sept. 6th, supported by a first-class company of ten persons. Murphy is a wonderful delineator and personator of Irish, Dutch, Negro and Chinese character, standing at the very top of his profession. The programme announced for the occasion commences with the Irish Comedy entitled "Irish Help," to be followed by a Double Song and Dance with Comic Banjo Solo Interlude, and to conclude with Murphy's Original Extravaganza, as played upwards of 200 nights in San Francisco, entitled "The Heathen Chinese." Every lover of good entertainment and real fun should be sure to attend this best performance of the season.

WHAT MIGHT HAVE BEEN.—With the right kind of management every Democratic candidate on the ticket in Yolo county might have been elected. As it is our opponents have only elected three candidates—Sheriff, Clerk and Recorder. There are special reasons, however, why these were successful, and they may another time be overcome. But if the people of the county are satisfied they have done the best thing for the county in electing them we shall try to feel satisfied. Still we can but think what might have been.

SUBSTITUTION.—At East Cottonwood, after twenty-eight Democratic ballots had been cast it was discovered that the tickets used were straight all the way down to Surveyor General, when Gardner's name appeared instead of that of Minis—a dirty trick, which came near resulting in a row at the polls when it was discovered. The great and pure Freeman's name was also put on Democratic tickets in the same way instead of Watkins, and yet he is, as he ought to be, beaten.

LA CREME DE LA CREME.—No. 21 of this best of monthly musical publications for advanced players has come to hand, filled with the following choice collection: March Hensing, by H. von Bülow, price in sheets 60 cts.; Adieu, (Nocturne), L. Staab, 50 cts.; Souvenir Fantasia, C. Van Tal, 20 cts.; Chant du Printemps, (caprice), Leyback, 60 cts. Published by J. L. Peters, 813 Broadway, New York, at \$1. per annum; single numbers 50 cts.

CORONER'S INQUEST.—Deputy Coroner Tucker held an inquest on Monday last over the body of an unknown man which was found lying dead upon the bank of Willow Slough. The testimony taken went to show that he died from an overdose of chloral-hydrate on or about the 20th day of August; name unknown; an American by birth; about 40 years of age.

MUSIC.—Mr. R. Schneider's card as music teacher appears new to-day. Mr. Schneider has proven himself a successful and popular teacher, and we refer musical our readers to him personally for particulars. He also sells music and musical instruments. Residence in Masonic Block.

AUCTION SALES.—S. L. Ogburn advertises to sell live stock, farming implements, etc., 6 miles southwest of Woodland, Sept. 24th. Daniel Trace will also sell a lot of live stock and implements at his ranch 5 miles west of Woodland on the 25th.

NOR TRUE.—The report that Jim Gover worked for Frank Freeman on the day of election is false, and further that he voted the straight Democratic ticket.

STATE FAIR TICKETS.—Tickets have been received at Woodland railroad station for the State Fair, which commences on the 15th. The cost of the tickets to Sacramento and return is \$1.75.

THE LOVEWELL PHOTOGRAPHERS are still here, the people can hardly spare them yet, only to go to the State Fair week so. A great rush for their elegant Photographs.

A WALK-OVER.—The Democratic nominees for Judges and School Superintendent will have an easy race, and on the 20th of October receive a big majority.

KNIGHTS LANDING SCHOOL.—We are informed by the principal, Mr. J. W. Goin, that this school will open on Monday next, Sept. 6th.

DISTRICT JUDGE.—The card of A. P. Catlin, independent candidate for Judge of the Sixth District, will be found in our columns.

FREIGHT TRAIN.—Hereafter the freight train going south will arrive at Woodland at 6:50 A. M.—going north, at 9:30 A. M.

SERENADE.—The successful candidates living in town were serenaded by the Woodland Band last evening.

NARY ONE.—The Dollies, so far as heard from, have not carried a single county in the State.

COUNTY ELECTION RETURNS.

We have been unable to get the vote in all the precincts of the county, but give it below so far as it has been received. It will doubtless prove to be very nearly correct. Next week we shall be able to give the full official vote of the county:

Important Results Pleasantly Achieved.

Although the days of irrational medication are happily passing away, and intelligent physicians have ceased to measure the efficacy of a remedy by the violence of its effects, there still linger among the older practitioners a few of those predilections in favor of "herb" treatment, which it would be lucky for their patients if they had abandoned. One of these is a fondness for administering drastic purgatives, such as blue pill, calomel, jalap and castor oil. A contrast of the effects of these drugs with those of the mild and beneficent operation of Hostetter's Stomach Bitters, is the very best argument that can be adduced against the wisdom of such a destructive agent. The old-fashioned cathartics convulse the stomach, and relax the bowels so abruptly and copiously as to weaken them. Hostetter's Bitters, on the contrary, never gripe the intestines, but produce a laxative effect resembling the action of nature. At the same time they remove the cause of constipation, by arousing the dormant liver to secrete the bile necessary for the regular performance of the excretory function, and enable the stomach to thoroughly digest the food. Indigestion and biliousness having been thus overcome, a regular habit of body is the necessary consequence, which the occasional subsequent use of the Bitters renders permanent. Every disagreeable symptom which, in the absence of perfect digestion and evacuation, harasses the system, vanishes under the influence of the great national stomachic and alterative. Health and vigor are twin blessings that follow its use.

SUDDEN DEATH OF A KENTUCKY BLANCHER.—A man named Louis Burke, who lived at Burkeville, Henderson county, a few days ago indulged in very blasphemous language because his crops had been destroyed by high water. He cursed God for having his crops destroyed last year by heat and drought, and for destroying them this year by flood, and concluded his blasphemy of the Creator with the expression "God damn him!" His tongue clove to the roof of his mouth, and he died the next night, never uttering another word.—Henderson Reporter.

Purify the Springs of Life. It is a sine qua non of health, that the sources of vitality, the "springs of life," should be kept pure and uncontaminated. The fluids which, by their action upon the food, transform it into blood, and the great vital nutrient must be pure, if the muscles, the bones and the brain are to properly nourish and keep vigorous. To this end the stomach, the liver, the bowels and the kidneys should perform unintermittently their various functions, since if these are disturbed the fluid food becomes vitiated. The best way, the only way, to purify the fluids, by overcoming those bodily irregularities which produce them, is Hostetter's Stomach Bitters. The principle upon which this salutary alterative acts is as simple as it is philosophic. The origin of most diseases, and invariably those which affect the organs above mentioned, is weakness, caused by insufficient assimilation of the food, and consequent accumulation of the elements of decay. It is the cause of the difficulty by restoring vigorous digestion, so that all parts of the physical structure are supplied with an abundance of pure, rich blood. This increases the activity of the digestive organs, and enables them to throw off the effete matter, which, rankling in the system, destroys health. The bodily refuse having been got rid of, and perfect assimilation re-established, there is nothing to prevent a healthy and active performance of the various functions, such being the case, it is plain that the Bitters are not only the most reliable stomachic, but also the most efficacious of the liver, bowels and kidneys, which contain the springs of life.

PLEASANT AND PROFITABLE EMPLOYMENT.—Beautiful "Charming" "On, how lovely!" "What are these worth?" etc. Such are exclamations by those who see the large elegant New Chromos produced by the European and American Chromo Publishing Co. They are all portraits of the most famous men and women of the world, and are so arranged that the best opening ever offered to make money. Particulars sent gratis for to Bulletin, 515 Washington St., Boston, Mass. auct-5

DUBLAN'S RHEUMATIC REMEDY.—Presidential Mansion, Washington, D. C., April 23, 1875. Messrs. I am glad to be able to make the above statement in reference to your medicine, and to certify that it has been in my opinion, cure any case of rheumatism on the face of the earth. Yours truly, WM. Molly Moriarty.

Molly Moriarty,
Pink of propriety,
Molly Moriarty, Molly my own;
Sure 'tis your own,
How could his heart be glad,
Since like an icicle Molly has grown.
Ooh 'twas your eyes so blue
Cut my poor heart in two;
Each took a half of it, carried it off;
Then when I spoke of love,
Swore by the stars and moon,
Sure 'twas unkind of you, Molly, to scoff.
Oh at my cabin door,
When the dull day is over,
Safely 'tis sent and sent on the gale;
Hain from my weeping eyes
Falls a stream of tears,
Where drink the cows that are grazed in the vale.
Pigs in a prairie patch,
Running a rooin' match,
Now in the butter milk drinking her fill;
Now in the calabash,
Making sad ravages,
Everything gone to destruction at will.
Room in the waters deep
Thim weary head shall sleep,
Suckers and shiners shall bubble my nose;
Waves rolling over me,
Singing a lullaby,
Or sad requiem when the wind blows.
What's that you're saying? Joy!
Tim come and kiss me, boy!
How could my heart be glad,
Molly, my love,
Molly, my love,
Whoo! What a jewel you are to be sure.
